

# Advisers

Without our trained volunteer Advisers we could not continue to meet the demand for advice. Our generalist advice service looks at a client's situation holistically as opposed to looking at their problems in isolation from one another.

Advisers are given free training, both formal and on-the-job.  
As a CAB Adviser you would:

- Interview clients
- Help them negotiate with people such as creditors or service providers
  - Draft letters
  - Make phone calls on their behalf
  - Refer them to other agencies
- Represent them in court and at tribunals
